Food For The Hungry UK

Report of the Trustees for the year ended 31 December 2017

The trustees who are also directors of the charity for the purposes of the Companies Act 2006, present their report with the financial statements of the charity for the year ended 31 December 2017. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015).

They would like again to take this opportunity to thank all the supporters of FH-UK for their prayers and generous gifts of time and money and to the staff and volunteers in the UK and overseas for sacrificially sharing their lives with the needy.

OBJECTIVES AND ACTIVITIES

Objectives and aims

Food for the Hungry (FH-UK) is a Christian organisation committed to working with poor people to overcome hunger and poverty. It does so as part of a family of autonomous national Food for the Hungry organisations. These collaborate and channel their support through a single international implementation arm to Field Offices in over 19 of the world's poorest countries.

FH-UK seeks to create public benefit and to share the love of Christ by raising funds for FH work overseas and through informing and engaging people in the UK in the causes of physical and spiritual hunger and poverty, sharing its vision of community and the appropriate Christian responses to all forms of poverty.

FH-UK continues to facilitate the visit of teams from this country to FH field locations. Teams number 2-15 people, and are generally of approximately 1-2 weeks duration.

FH-UK also seeks to create public benefit by raising funds to support the work of individuals who are prepared to live among the poorest communities overseas where their skills provide significant benefit to the local population. Overseas staff are engaged in raising financial support to cover their secondment costs from churches and from family and friends, with the assistance and facilitation of FH-UK.

FH-UK and FH conduct their programmes without discrimination by politics, religion, disability or gender.

FH-UK maintains contact with other British Non Governmental Development Organisations (NGDOs) through membership of BOND (the British Overseas NGOs in Development). We are also members of Global Connections and Restored, a UK based organisation addressing issues of violence against women.

Main specific objectives for the year included

- Implementing and evaluating new routes to grow the individual donor base that supports the charity
- maintaining the UK support base for the Family and Community Transformation programme in Bangladesh,
- supporting the Community Transformation projects in Nkunga and Maisha Bora in Kenya, Yepa in Uganda, Mwumba in Burundi
- completing the reports at the end of projects funded by grants from DFID for FH projects in Kenya and Haiti
- supporting the existing base of individual sponsors of a number of FH Child Focussed Community Transformation projects in Africa and Latin America
- obtaining grants for specific FH field projects
- raising money for overseas appeals
- supporting our overseas secondees

ACHIEVEMENT AND PERFORMANCE

Charitable activities

Field Activities:

In 2014 the charity was awarded, in partnership with local FH organisations two multi-year grants by DFID. The first of these which was run in partnership with FH Kenya began in June 2014. Its aim was to improve the livelihoods of pastoralists in Northern Kenya primarily by improving the effectiveness of local livestock markets. The second which was run in partnership with FH Haiti began in July 2014. The aim of this project was to improve the health of mothers and very young children in the Kenscoff region of Haiti. By the end of 2016 both projects were brought to a successful conclusion achieving their planned goals within the budgets agreed by DFID for the project activities that were undertaken. During 2017 FHUK completed the reports and post project evaluation for these projects.

Highfield Church in Southampton has continued its sponsorship through FH Kenya of Nkunga village, one of the neediest communities in the area, to the North-East of Mount Kenya. Highfield Church maintains a close link to the work taking place at Nkunga. This project is now in its final stages and the community will hold their graduation ceremony during 2018.

FH-UK has continued support for Community Transformation work in Maisha Bora, Kenya. This extremely poor community houses 1500 people, including over 300 orphaned and vulnerable children. Supported by 'community sponsors' from the UK, 16 child sponsors and the SDL Trust, local staff have been working alongside the community since 2008 for a planned 8-10 year period to overcome mass unemployment and disease in order to meet the basic needs of the most vulnerable children and families. We are extremely grateful for the continued financial support of the SDL Trust in respect of our work in Maisha Bora.

FH-UK continues to support the activities of FH Bangladesh and their large team of local staff who work in seven regions of the country delivering their Family and Community Transformation programme. This programme is run in particularly vulnerable and disadvantaged communities where women are deprived and mistreated. The primary tool within this programme is running local learning and savings groups. These groups help 12-20 adults, usually women, to transform their own lives and communities with confidence, skills and Biblical values. Within each group participants are encouraged to contribute to their own group savings account, and receive literacy, health, legal and business training. It costs £36 a month to run a group helping to empower 12-20 women to realise their potential and through economic development, lift their families out of poverty.

Overseas and FH Staff:

Tom MacGregor continued his multi-year assignment in Rwanda. Tom has established a marketing company called Azizi Life, which has established a number of successful product lines which are sold to customers overseas and is assisting in developing the local tourist industry.

Costs for seconded international staff (SIS) are covered by designated income. This designated income covers their personal allowance plus a contribution to UK administration and in all cases is sufficient to also provide a fund for contingencies and furlough/homecoming costs.

Work Teams:

The focus of short term overseas work teams is to facilitate teams from individual churches or groups of churches visiting communities in the field who are participating in FH field programmes with the aim of building long term relationships. During 2017 A team visit was made to Mwumba Burundi from a group based in Beaconsfield and Wadhurst..

Staff:

Mr Paul Cornelius continued to hold the position of Chief Executive, Food for the Hungry UK. Mr Cornelius has significant experience of leadership positions in business as well as being an active Christian within his local community. During 2017 Sarah Armitage was the only paid employee and held the position of Director of Development and Communications. In addition the charity benefits from the support of a number of part time or full time volunteers who are involved in the UK administration of Child Development Programmes, the organisation of team visits, applications for grants from Governments and Trusts and the day to day management of the Charity's finances.

ACHIEVEMENT AND PERFORMANCE

Fundraising activities

Income decreased from £630,635 in 2016 to £518,230 in 2017. The reduction in income was due to the reduced level of grant funding from DFID in respect of the projects in Haiti and Kenya (2016 £135,433 vs. 2017 £13,001).

During the year the supporters who gave to the charity either by standing order or direct debit provided an average monthly contribution of £9873 (excluding Gift Aid) which compared to £11,648 (excluding Gift Aid) in 2016.

In addition to our traditional sources of income the Charity benefitted in 2017 from the receipt of

- £88829 for the Kenya Livestock Programme
- £37909 raised in respect of flood relief for Bangladesh.
- £19961 from GOAC for a multi year project in Uganda
- £14874 raised to support the work on the New Life Centre located in Kitgum, Uganda
- £16,700 for the Farming God's Way project in Kenya

The £13,001 represents income received in respect of the two grants awarded to Food for the Hungry UK from the UK Government Department for International Development (DFID) within their Global Poverty Action Fund. Funds are claimed from DFID and spent in the UK or remitted to partners based on detailed expenditure forecasts. Any over or under spend are then settled the following quarter when actual expenditure is reported and reviewed. Receipts and funds remitted/other expenditure relating to these grants for the year was as follows:

FINANCIAL REVIEW

Investment policy and objectives

There are no investments of the company, other than savings and deposit accounts that provide ready access to the funds. The policy of the company is:

- 1) Monies must not be invested in any instrument where ethical or reputational issues are contrary to the values of FH-UK or FH.
- 2) The principal or capital amounts invested must not be at risk.

Reserves policy

Generally the trustees do not seek to hold large reserves. Historically the trustees have considered it prudent to retain sufficient reserves to enable the charity to operate for 1-2 years on regular but lower levels of income. In addition the trustees hold small additional reserves to fund new income raising opportunities and to manage short term fluctuations in the funding of individual projects. This policy was maintained in 2017 based on the Charity's current administrative cost base.

At 31st December 2017 the Charity's unrestricted reserves stood at £110,693. This figure is considered consistent with meeting the objectives set out by the Trustees above.

The results of the company for the year ended 31st December 2017 are set out in the attached financial statements drafted in accordance with the Companies Acts.

The Trustees of the charity consider the results for the year to be satisfactory as they represent the maintenance of the level of funds raised and expenditure on projects seen in 2016 after allowing for the expected run-down of the grants received from DFID in line with the completion of the projects.

FUTURE PLANS

The Board of FHUK has determined that the following will be the principal ways that FH-UK will aim to create public benefit:

- Increasing support for Child Focussed Community Transformation Programmes (CFCT) in designated locations.
- Maintaining the individual donor support base for the Family and Community Transformation Programme in Bangladesh and seeking additional funding from appropriate grant giving organisations in the UK.
- Maintaining on-going financial support for our designated Community Partnerships through to the successful graduation of an individual community at the end of their project. Currently we have partnerships of this type with the Yepa community in Uganda, Mwumba in Burundi, the Nkunga and Maisha Bora communities in Kenya. In addition we will seek to establish new partnerships of a similar nature
- Continue to explore strategic partnerships with other third sector organisations whose aims and activities are consistent with FH-UK's vision and values
- By securing grants from DFID or GOAC to fund projects which deliver significant improvements to communities in FHUK target countries
- Continue to support our existing International Secondees who work for the benefit of the communities they serve in sub-Saharan Africa.

For 2018 the key areas of focus will be;

- 1) Working with the wider FH organisation to identify new ways to recruit individual supporters within the UK for FH's Child Focussed Community Transformation work
- 2) Continue to seek new funding from DFID for FH field projects
- 3) Identifying and securing new sources of project funding
- 4) Supporting the successful completion of the Community Partnerships with Nkunga, and Maisha Bora in Kenya and expanding the scope of the programme with the Mwumba community in Burundi.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is controlled by its governing document, a deed of trust, and constitutes a limited company, limited by guarantee, as defined by the Companies Act 2006.

Organisational structure

FH-UK has a board of trustees that meet a minimum of three times a year, one of those meetings being the Annual General Meeting. All directors of the company are also trustees of the charity. The Board has the power to appoint additional trustees as it considers fit. The number of trustees is not subject to any maximum, but may not be less than three.

In 2015 the Board of Trustees established the Finance and Risk Sub-Committee whose remit is to review and report back to the Board of Trustees on the Financial controls of the charity, longer term financial projections for the charity and the management of risk.

The experience and skill base of the current six trustees covers the following: Board membership for up to 20 years including one past or current member of the international executive team of FH, FH international Field Office experience, FH international Financial Management, preparing and leading teams to the Field, organisational development, planning and management, marketing and communications.

The trustees continue to review all strategic and organisational development plans and key operational decisions presented to them by the Chief Executive.

In 2017 there was one salaried employee the Director of Development and Communications. The primary purpose of this position is to improve engagement with current and potential supporters of FHUK and to improve fundraising. Mr Paul Cornelius (Chief Executive) and a number of part-time or full-time volunteers provide support to FH-UK on an unpaid basis.

The responsibility of the Chief Executive and other volunteers is to execute the strategic plan agreed with the Board of Trustees. The principal purpose of FHUK is to stimulate British support in the form of funds, people and prayer for the operation of FH's international relief and development activities.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Wider network

Links with Food for the Hungry Association (FH)

FH, a not-for-profit association incorporated in Geneva Switzerland, maintains programmes in over 19 of the world's poorest countries with international field staff numbering about 1700, mostly locally employed. FH-UK together with FH and each of the other nationally based organisations, has chosen to affiliate to an international covenant of common vision, principles and systems of working together.

Centred in and motivated by Christ, the international covenant of Food for the Hungry organisations is committed to working with poor people to overcome both physical and spiritual hunger and poverty worldwide. The primary emphasis is on long-term development among the extremely poor, recognising their dignity, creativity and ability to solve their own problems.

During 2017 Mr Peter Howard, served on the FH-UK Board of Trustees while being a member of the FH executive team.

Risk management

The trustees have a duty to identify and review the risks to which the charity is exposed and to ensure appropriate controls are in place to provide reasonable assurance against fraud and error.

Risk Management Policy: a comprehensive review of risks is undertaken by the Finance and Risk Sub-Committee and documented in a Risk Register. This register also identifies key risks to be managed together with a Risk Mitigation Action plan. It was reviewed twice by the Board of Trustees during 2017.

Key risks that have been identified include

- a) Small numbers of Board members. In 2015 Thea Cole (Garner) joined the Board as a trustee bringing the total number of trustees to six and increasing the Board's experience in the key areas of marketing and communications. The Board will continue to look for the opportunity to recruit further trustees with appropriate skills and experience.
- b) Vulnerability to loss of key staff members. This has in part been addressed by agreeing the process to be followed to put in place a successor to the current CEO and expanding the number of volunteers in key areas. In 2016 a full time salaried employee was recruited to lead FHUK's fundraising and communication activities.
- c) Overseas staff support depends on a small number of key staff members in the UK. This has been addressed by greater integration of the support offered from the UK with that provided by FH International to all field based secondees. This risk has also reduced in proportion to the lower number of staff on secondment.

Employers Liability, Public Liability and Legal Expenses have been insured under a Charity Connect policy with Ansvar.
